

### Little Miss Sunshine Abigail Breslin Shines in jane iredale® PureGloss for Lips

10-year-old *Little Miss Sunshine* starlet, Abigail Breslin, wowed her Oscar fans at the 79th Academy Awards in illuminating *PureGloss for Lips* by *jane iredale* - The Skin Care Makeup. Highlighting her beautiful complexion and deep blue eyes, *PureGloss* in shades of Pink Candy and Tourmaline provided long-lasting luster with a pure and natural glow. Effortlessly complementing her Cinderella inspired gown, *PureGloss* was just as much of a hit as the actress' Oscar nominated performance.

Nominated for Best Actress in a Supporting Role for her portrayal of *Little Miss Sunshine's* central character, Olive, a brightly optimistic seven-year-old who dreams of traveling to California and competing in the Little Miss Sunshine pageant, Breslin is one of the youngest nominees in the Academy history.

### Helen Mirren Glows with Oscar & jane iredale®

Helen Mirren, an Academy Award-winning stage, television and film actress, is an avid fan of *jane iredale* products. Smitten with *Riviera PurePressed Base*, Helen Mirren wears *jane iredale* every day. While attending the Green Oscar Gifting Suite for the 79th Academy Awards at the historic Hollywood Roosevelt Hotel, Helen Mirren was so impressed with the products, she even convinced her sister to use them. Because her portrayal in *The Queen* left her with very thin eyebrows, Mirren has been relying on the defining powers of the *Super-Shape Me Eyebrow Kit* to groom and shape her eyebrows.

Mirren's acclaimed dramatic performance in Stephen Fears' *The Queen* won her the 2007 Academy Award for Best Actress.
